PROJECT

SPEC TYPE

NOTES

GENERAL INFORMATION:

The SPAKKO ZIG by BYIBA is a wall-recessed lamp made from CRISTALY®, featuring a minimalist design with an upward-directed light. It is characterized by a central slit with serrated edges, adding a unique aesthetic touch. Compatible with GU10 Ø1.38" bulbs and energy-efficient LED options, the lamp provides indirect lighting, making it ideal for elegant and modern interiors. It supports 13W LED bulbs with color temperature options of 2700K, 3000K, and 4000K, allowing customization based on ambiance preferences. With a net weight of 6.61 lbs, it is designed for wall-mounted recessed installation, requiring a 2.56" recess depth in plasterboard. An optional back box is available for masonry installations, and the fixture is dimmable when used with a compatible driver. The 2371A has an IP20 protection rating, ensuring durability in indoor environments while supporting LED technology for long-lasting performance and energy savings.

MATERIAL:

CRISTALY®

FINISHING:

White / Paintable

LIGHTING:

LED / GU10

INPUT VOLTAGE:

110-277 (for LED versions) / 110-120V (for GU10 version)
