NOTES

GENERAL INFORMATION:

The CEFEO by BYIBA is a recessed ceiling spotlight crafted from CRISTALY®, a durable and paintable material that seamlessly integrates into modern interiors. Its minimalist design features a round glass diffuser that softens the light emitted from a GU10 LED bulb, providing subtle ambient illumination suitable for various settings. The fixture requires a cut-out size of 155 mm x 155 mm (approximately 6.10 inches x 6.10 inches) and can be painted with any water-based paint to blend effortlessly with the surrounding architecture. Handmade in Italy, the CEFEO exemplifies Italian craftsmanship and design excellence, making it a refined choice for both residential and commercial spaces.
