

FLEX (MODULAR CEILING SYSTEMS)

The Flex series introduces a luminous flexible element that allows designers to create flowing, sculptural lighting installations with complete creative freedom. Designed for the BYIBA modular ceiling system, it can be shaped into custom curves to complement modern architectural spaces. Its continuous diffused illumination provides soft, uniform light while becoming a striking visual feature. Perfect for hospitality, commercial, retail, and public interiors, Flex transforms lighting into an expressive design element.

MATERIAL:

Aluminium + Silicone

LIGHTING:

LED: LUMILEDS SMD

VOLTAGE:

DC48V

IP RATING:

IP20

CRI:

CRI 90

APPLIANCE CLASS:

I

WARRANTY:

3 years

MAIN FEATURES:

High visual comfort
Wide range of finishes
Functional design
Minimal design
