NOTES

GENERAL INFORMATION:

The Non-magnetic track collection offers versatile 1-circuit and 3-circuit surface-mounted profiles for professional interior lighting applications. Available in 100, 200, and 300 cm lengths, the system supports flexible configurations for residential, retail, hospitality, and gallery environments.

Each profile is manufactured from durable aluminum with a refined electrostatic powder-coated finish in black or white. Designed for 110–277V operation, the IP20-rated system provides reliable performance in indoor spaces. Its clean architectural appearance and adaptable spotlight options make it an elegant solution for precise, customizable illumination.
