RIDGE TRIANGLE (ACOUSTIC WALL & CEILING PANEL)

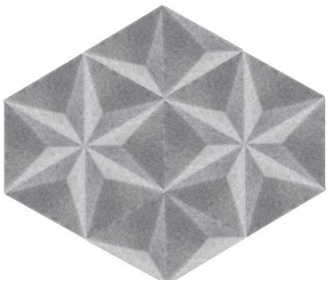

RIDGE TRIANGLE features a triangular shape with raised facets that add depth to walls and ceilings. Its sculpted surface creates distinct highlights and shadows, emphasizing the geometric design. Made from sound-absorbing PET felt, the panel helps reduce reverberation for a more comfortable space. Arrange multiple panels into hexagonal clusters, repeating patterns, or custom compositions. Choose a single color for a unified appearance or combine shades to highlight the triangular forms. RIDGE TRIANGLE suits offices, meeting rooms, reception areas, and hospitality interiors.
