

1.03" Magnetic Track System

This premium modular track lighting system brings flexibility and visual consistency to contemporary hotel interiors. Three installation options allow designers to select the most suitable solution for every architectural condition. The compact surface-mounted S profile provides a clean, discreet appearance for finished ceilings and renovation projects. The deeper surface-mounted L profile creates a stronger architectural feature, ideal for spacious lobbies, restaurants, and reception areas. The recessed profile integrates seamlessly into the ceiling for a refined and minimalist finish. Together, these systems support adjustable spotlights and linear modules, creating comfortable ambient, accent, and functional lighting throughout the hotel.

PROJECT

SPEC TYPE

NOTES

MATERIAL:

AL, Electrostatic Powder Coating

FINISHING:

White, Black

LIGHTING:

LED

VOLTAGE:

Low Voltage Track (48V)

IP RATING:

20
