

DOMINO (OUTDOOR WALL LIGHTING)

The Domino is a wall-mounted outdoor light built on pure geometric form, handcrafted in Italy from BETALY® — a durable, eco-conscious material that holds its character in any climate. Its two-part structure allows each section to be finished independently, offering a unique dual-colour configuration that transforms a simple fixture into a deliberate design statement. Powered by an energy-efficient 5.5W LED available in 2200K, 2700K, or 3000K colour temperatures, it delivers soft indirect light with dimmable control and a robust IP65 weatherproof rating suited for any outdoor environment. Choose from six refined BETALY® finishes — White, Black, Grey, Sand, Corten, or Green — to match any architectural vision with quiet confidence.
