NOTES

GENERAL INFORMATION:

The BYIBA model 4160 "SIRENA" is a recessed path marker light crafted from CRISTALY®, a durable and paintable material exclusive to BYIBA. Designed with an elongated rectangular recess housing an LED light source, it provides subtle yet effective illumination for pathways, walkways, and outdoor spaces. Its modular design allows multiple units to be aligned seamlessly, creating continuous and elegant lighting compositions. The CRISTALY® surface can be painted with water-based colors or customized upon request, ensuring perfect integration into various architectural environments.
