NOTES

GENERAL INFORMATION:

The Damask (BY-4196D-9010) is a recessed luminaire designed for ceiling or wall mounting, offering a sleek rectangular form with four lamp housings. Made from Cristaly® with a paintable white finish, it allows seamless architectural integration. The fixture supports GU10 lamps (4 × max. 5W, lamps not included) and operates on 110–120V input. With an IP20 rating and Class II insulation, it is suitable for dry indoor environments. Compact in size and paired with an optional housing box, the Damask provides flexible lighting solutions for modern residential and commercial spaces.
