

CURVY (39mm Magnetic Track System)

BYIBA CURVY MAGNETIC TRACK SYSTEM is a minimalistic track lighting solution that connects and powers its LED heads via a magnetic core. The design of the 24-volt system not only ensures a reliable and safe connection between each fixture to the track, it allows for ease in the relocation of each-at any time. BYIBA CURVY magnetic track is available in custom RAL colors, wood painted finishes, gold and bronze finishes as well as the original black and white options.
